AN ORDINANCE INTRODUCED

In Council Requiring Junk
Dealers to Pay a City
License.

City Council Postpones Action
on Remonstrance Against
Oliver St. Improvements.

All the members of the city council were present at the regular meeting last night. Councilman Brann presided in the absence of Mayor Hall, whose father is lying at the point of death.

Action upon the petition of James Yazel, stoker at the water and light plant, asking that his salary be changed from \$45 per month to \$200 per hour was deferred until the next meeting. Should Mr. Yazel's salary be increased, he would receive about \$72 per month.

A remonstrance, protesting against the proposed improvements on both sides of Oliver street from Seventh to Ninth streets, was presented to Council. The remonstrance was signed by Austin Moore, Will M. Bliss, E. A. Lee, Lewis J. Meyers, G. P. McCarty, David Graham and others. The petition asking for the improvements was presented to council at the last meeting by Fred R. Beale and Charles Morgan, but action on the matter has been postponed. City Attorney McGee stated that the remonstrance had to be signed by a majority of the resident property owners, and when the names were read it was found that only four of the signers lived on Oliver street. The number of lineal feet in their lots equalled the number of feet in the lots of Messrs. Beale and Morgan. Action on either the petition for the improvements or the remonstrance was deferred until the next meeting in order to give the city attorney time to look up the matter more thoroughly.

The water and light committee reported that four new wells had been drilled at the water and light plant. The first and third are yielding a four inch stream. The fourth has not yet been entirely completed, but it is thought that it will be as good as the first or third. The committee recommended that two more wells be drilled which are to be directly connected with the reservoir in order to increase the supply there. The report was received and placed on file. Councilman Dale moved that the committee be empowered to drill two more wells. The motion carried.

City Clerk Lakin reported that the contract with Worth & Bowen as city plumbers would soon expire. He was instructed to notify the different plumbers in the city to bid for the contract during the next year.

Marshal Craig reported the collection of \$5 for street license during the month of April.

The city treasurer's report for the month of March, showing a total balance on hands April 1st of \$13,301.39 was referred to the finance committee. Superintendent Ong's report for March showed a balance of \$1834.23 on hands was also referred to the finance committee. The disbursements at the plant during the month were \$1193.16, and the receipts from the various sources were \$3037.39. Mr. Ong also submitted his report for the year ending March 31st. The report showed that the plant added \$837.33 to the city's revenue during the year.

An ordinance intended to license and regulate junk shops within the city was read to council for the first time. According to the provisions, should the ordinance be passed, it would be unlawful to operate a junk shop within the city without a license, such license to be issued by the Mayor upon the payment of \$10. The Mayor would receive 50c. fee for issuing the license which would have to be renewed each year. The money derived from the license would go to the safety fund, police department. The ordinance, if passed, would also require the junk dealers to keep a register of all their purchases, naming the articles purchased and the person from whom they were bought. This register would be open at all times to

the police for inspection. For a failure to comply with the provisions of the ordinance, dealers would be fined not less than \$10 nor more than \$100 together with sixty days imprisonment. The ordinance was allowed to take its regular course.

The rules were suspended and an ordinance appropriating \$5420.50 to the general fund and \$4617.52 from the water fund to be used in paying the city expenses was declared adopted after a unanimous vote favoring it had been passed.

The committee to whom was referred the matter of John S. Beale's new addition to the city, reported that they had examined the plat and approved it. The report was ordered recorded.

The city clerk was instructed to pay off the \$500 notes due against the city in the bank. With this done all floating indebtedness against the city will have been paid.

After allowing the usual accounts and bills council adjourned.

DIED SUDDENLY OF HEART TROUBLE

Mrs. Katherine Rees Passed
Away at 2 O'clock This
Morning.

Coroner Will S. Coleman was called to the home of Mrs. Katherine Rees, one mile west of Center church early this morning to hold an inquest into the death of Mrs. Rees, which occurred at 4 o'clock this morning. His verdict was that death was due to a sudden attack of heart trouble.

Mrs. Rees had been suffering from smothering spells for some time. She was seized with one this morning about four o'clock while asleep. She awakened and was sitting on the edge of the bed when she expired. She was a widow, well known here, and leaves several children.

THE DENTISTS AT GREENFIELD

All of the Local "Tooth Doctors"
Are Attending the
Meeting.

All of the local dentists, Dr. Frank Smith, Dr. Chadwick, Dr. Beher, Dr. McOlanahan and Dr. F. M. Sparks are attending the thirty-fifth annual meeting of the Eastern Indiana Dental Association, the first session of which was held on the fourth floor of the Columbia Hotel at Greenfield this morning at 10 o'clock, when Dr. B. S. Binford, of Greenfield, president of the association, delivered the annual address.

A smoker will be given at the Temple club this evening for the entertainment of the dentists and that all may become better acquainted. Other than a good time socially, a program of music and reading has been arranged that will be of much enjoyment.

A Question of Veracity.
New York, May 3.—James W. Alexander, president of the Equitable Life Assurance Society, in affidavits filed with Supreme Court Justice Maddox in reply to the petition of James H. Hyde for permission to intervene in what are known as the Lord suits, denies allegations made by Mr. Hyde.

Welker's Victim Is Dead.
Fort Wayne, Ind., May 3.—Miss Minnie Melching, who was shot by her lover, John Welker, last Tuesday, died last night from the effects of her wounds. She regained consciousness at intervals and denied responsibility for the act of Welker, who shot at her three times and plunged a knife into his own throat. Welker will recover.

City Judge Indignant.
Elkhart, Ind., May 3.—City Judge Elkhart admits his purpose to have Superintendent Charles Silvers, head of the police department, cited for contempt of court in releasing from jail, before expiration of sentence, five men, who had been committed for evil associations.

SUPERVISORS GETTING BUSY

Their Work Must be Completed Within Forty
Days.

The Acts Passed by the Last
Legislature Will Make Them
Earn Their Pay.

It is possible that there would have been less eagerness last January in race for road supervisor could candidates have foreseen what the legislature has done to the law governing them. Beginning Monday, May 1, road supervisors throughout the country got busy and have forty days under the law in which to put the highways in repair. They will receive \$1.50 per day and must keep the rural route roads in good condition or give up a year's salary in the payment of fines. Road tax work must now be done before December 1, or be paid in cash, as on this date a list must be made of this work and sworn to. Only such persons whose names are upon this list can get credit for their work when they go to pay their taxes, as the county treasurer takes this list and gives credit on his tax duplicate. A supervisor who gives a receipt to a person who has not worked can be fined from \$25 to \$50.

All males from twenty-five to fifty are required to work on the roads two to four days each year, unless they are insane, idiots, deaf and dumb, or served in the civil war, the Spanish war or in the Philippine Islands. All men to do an ordinary day's work must be rated as able bodied. If a supervisor allows a Canada thistle to grow six inches in the roads of his district he is liable to a fine of from \$1 to \$10.

Contrawise, he will receive a reward of \$5 in each case where he reports any one in his district allowing Canada thistles to grow, should conviction follow. A person who sets a corner stone in a road so that it projects out of the ground may be fined \$25, and \$50 fine may be assessed for dumping trash or rubbish in a road. Anyone hauling too heavy loads over roads while thawing out must pay \$50 or less, on conviction. Conditions embodied in the automobile law must also be observed. Verily the road supervisor, if he does all the duties assigned to him, will earn his \$60 annual salary.

WERE THROWN INTO STREAM

Father and Daughter Came
Near Drowning at Buena
Vista.

Elmer Emsweller, of Buena Vista, drove to the woods after a load of fuel, accompanied by his ten-year-old daughter. Upon the return they were compelled to cross a creek badly swollen by the recent rains, and missed the ford, driving off an embankment. The wagon gave a lurch, throwing both father and daughter into the water, the wheels of the wagon stopping directly on his legs, and holding Mr. Emsweller with his head barely above the surface. To this horror he discovered that his daughter was submerged in the water. He yelled to the horses and the animals started forward, releasing him, after which he caught his daughter in his arms and managed to reach the shore. She was unconscious and examination disclosed that her right leg was broken. Mr. Emsweller managed to reach a nearby farmhouse with his burden after which he sank exhausted from his own injuries. Both father and daughter are now convalescing.

MAY DAY MOVING.

Natural Migratory Spirit, Fully Alive in This City.

As usual there was much moving during the first week in May. This is the day of all others to which dissatisfied housewives look forward. To get "another house," to plan and conjure up the advantages the new house will have over the old house, to arrange mentally and to a nicety how this or that piece of furniture will fit and look in a given place; how the carpets will fit the floors over there—all this is but a part of life with the careful housewife and it to her is rather a pleasurable part, after all than other wise.

And so the draymen are working over time and many families are settling down to new surroundings and feeling quite at home.

CASE MAY HAVE BEEN SETTLED

Laura Steinecker Filed a Writ-
ten Dismissal in Breach of
Promise Case.

Miss Laura Steinecker, of Indianapolis, plaintiff in the \$10,000 breach of promise suit of Steinecker vs. Hully, today filed in court a written dismissal of the case. Meggie & Kiplinger, the attorneys, for the plaintiff ask leave of the court to resist the entry. Judge Sparks has not yet dismissed the case.

From this move on the part of the plaintiff it would seem that an effort has been made to settle and thus avoid the publicity which would result from a trial. How the case was settled is not known.

THE ASSEMBLY OF REBEKAHS

The Annual State Meeting Will

Conway, deputy grand sire of Chicago, will deliver the oration. There will be short addresses by Enoch G. Hogate, past grand master, and Rose Farr Talbot, president of Rebekah Assembly.

Lafontaine Convicted.
Martinsville, Ind., May 3.—The jury in the case of Charles Lafontaine, accused of assault with intent to kill W. W. Wilson, has returned a verdict of guilty. The verdict calls for commitment under the intermediate sentence act. Lafontaine shot Mr. Wilson several months ago, as the result of a business disagreement. Wilson is a contractor and Lafontaine was employed by him. The defendant claimed self-defense.

Fatal Elevator Accident.
Evansville, Ind., May 3.—By the fall of an overloaded elevator down a shaft in the wholesale grocery house of the Ragon Bros., Wesley Neimeier, thirty-four years old, was fatally injured, and two other employees may be permanently crippled. The elevator fell into the cellar, dragging Neimeier down. In the decent his head struck the boxes on the platform, crushing the skull. All three men were married.

MANY SUFFER BROKEN HEADS

Chicago Strike Accompanied
by Murder and
Riot.

One Death and Injury of Scores
of Others the Result of Un-
bridled Passions.

Chicago, May 3.—The death of one man, and the injury of scores of others was the immediate result of yesterday's fighting between the striking teamsters and their sympathizers on the one side, and the police and the non-union men on the other, and from reports thus far conditions today are just as bad. There were riots in all parts of the city. Men were clubbed and stoned almost to death within a square of police headquarters, and five miles away men were shot down in the streets. At a hundred places between these two extremes of distance there were assaults and fights in the streets. Blood was shed on State street in the heart of the fashionable shopping district and furious riots took place almost in the doorways of the leading hotels. Non-union men were pelted with stones, bricks and every conceivable sort of missile. They were dragged from their wagons beaten, clubbed and stamped upon.

As far as known but one man was killed. The list of injured is much greater than that which it is possible to obtain. In many cases the non-union men swung their clubs with great effect knocking men from their wagons headlong in the streets; in other instances, when assailed by mobs, they fired point blank into the crowds and it is difficult to see how the members of the mob could escape many broken heads or how all the bullets fired during the day should have gone wild. Charles Beard, who was struck on the forehead in the fight near the Auditorium hotel, died of a fractured skull at the Mercy hospital.

The mobs that followed the wagons on which strike breakers rode were bent on mischief, and but for the splendid service rendered by the police force the list of dead would be twenty instead of one. In return the non-union men, though hopelessly outnumbered in every fight, fought desperately. In several instances they drew their revolvers and emptied them in the crowds that pressed around their wagons, pelting them with stones and threatening their lives. The colored drivers especially were quick with their weapons. Many of the non-union drivers carried heavy clubs, and they swung them with terrific effect. As far as can be ascertained the list of injured amounts to about forty, but it is a far shot of being accurate. Many men who were in the mobs that attacked the wagons went down before the clubs of the police and of the wagon guards, but they were carried away by their friends and there is no chance of learning their names or of even guessing at their number.

The outlook is for more fighting and there is not the slightest evidence of the approaching end of the strike.

INJURED BY A VICIOUS HORSE

Dick Webb, Well Known Here,
Suffers Bad Mishap at His
Home in Laurel.

It was learned here today that Dick Webb, a prominent Laurel citizen, was kicked on the left leg by a horse last Thursday and quite seriously injured. The accident occurred at his home, but no particulars as to how it happened could be learned. He was struck on the leg near the knee and as reported by a physician who is attending him, his condition the past few days has been considered very bad. Mr. Webb's friends here will regret to learn of his misfortune.

PETTY GRAFTING

Has Received a Death Blow in
the State of Wisconsin.

Madison, Wis., May 3.—The Stout anti-graft bill is now law, the governor having affixed his signature to it. It is one of the most far-reaching measures against corruption ever passed. It is not aimed at corruption in politics, but at grafting in business and provides that whoever corruptly gives or offers an agent, servant, or employee any gift or gratuity whatever with intention to influence his actions in relation to his employers shall be liable to a fine of from \$10 to \$500, or by such fine and imprisonment for one year.

It is said that this law, if enforced, will put a stop to the giving of tips to porters, bootblacks or waiters.

ANOTHER DIVORCE SUIT FILED TODAY

Edward Pickrell Asks to be
Separated from Delilah
Pickrell.

Edward H. Pickrell, of Noble township today through his attorneys, Meggie & Kiplinger, filed suit for divorce from his wife, Delilah Pickrell, on the grounds of cruel and inhuman treatment and abandonment.

Pickrell charges that his wife refused to cook and keep house for him and that she left his home to work for wages over his protest. The couple was married in this county on November 15th, 1904, and separated on December 24, 1904, having lived together about three weeks. The case will be heard on Monday, May 15th.

WARRUM DAMAGE SUIT IS ON TRIAL

The Plaintiff Asks \$10,000 From
the Pennsylvania Railroad
Company.

The damage case of John W. Warrum, of Greenfield vs. the P. C. C. & St. L. railroad company which was brought to this county on change of venue from Hancock county, was taken up in the circuit court this morning. The jury was empaneled and sworn and the introduction of testimony was begun. About fifteen witnesses from Greenfield are here to testify. The case it is thought will occupy two or three days.

The plaintiff, John W. Warrum, claims to have been permanently injured by being struck and knocked down by a number of mail sacks thrown from a train passing the depot at Greenfield. He asks \$10,000 damages.

TRIAL OF JENNIE ROOD

Dr. Hurty Testifies That He Found
Strychnine in Pancakes.

Marion, Ind., May 3.—Mrs. Jennie Rood, charged with attempting to poison her husband, John K. Rood, is on trial before a jury in the circuit court. Dr. Hurty, of Indianapolis, secretary of the state board of health, was on the witness stand for the state. He testified regarding the examination of the pancakes, which, it is alleged, Mrs. Rood gave to her husband on the morning of March 6, and in which she is alleged to have placed poison. Dr. Hurty testified that he found strychnine in the pancakes in large quantities. He said that there was enough of the poison to kill a man or a number of men.

A sanity commission, which examined Mrs. Rood last week, reported to the court that Mrs. Rood is of sound mind, but that she is an epileptic.

A Danbury, Conn., woman has a cat which eats olives. It will play with the fruit, roll over it and then eat it as a cat does catnip.

SOLDIERS WILL FIGHT FOR PAY

Court Decides They are Entitled to National as Well as
State Remuneration.

Rushville Soldiers Who Served
Under Durbin Will be
Benefited.

The Rushville boys who were members of Company H, 161st Indiana Volunteer Infantry during the Spanish-American war will be glad to learn that the United States Court of Claims yesterday reported favorably on the claim of the Indiana soldiers in the One Hundredth and Sixty-first Regiment, Col. Durbin's command, and the colored companies A, and B of the Spanish-American war troops. The total amount involved is about \$55,000. A. W. Wishard, of Indianapolis and Capt. C. C. Calhoun, of Washington, were the attorneys for the claimants. The argument of the case was concluded yesterday.

The Assistant Attorney General, on behalf of the United States, sought to establish the right of the government to set off, by a cross bill against the amounts due the volunteers for their services to the State prior to muster, the amount the soldiers had been paid by United States paymasters. The attorneys for the State maintained that Congress had provided that volunteers in the Spanish-American war were entitled to receive their State pay, and also their United States pay, and denied the right on the part of the government to establish a set-off.

The court, by unanimous opinion, sustained contention of the attorneys for the State, and in dismissing the government's petition for a cross bill held that no deduction should be made from the pay due the soldier for any sum paid him by the United States while he was in the State service, thus sustaining the soldier's right to both his State pay and his United States pay for his enrollment period.

This decision practically settles it. The Rush county boys will get their pay. The money, although it will hardly reach fifty dollars for each soldier will no doubt "come handy."

THE CRETAN ROW

Greece Admits Her Inability to
Cope With the Revolt.

Rome, May 3.—A report from Crete, which wishes to unite with Greece, says the situation in that island is very grave, the insurrection having taken the character of brigand methods, with theft, murder, incendiarism and outrages upon women. The local force being quite inadequate to cope with the situation—indeed, eight gendarmes have already been killed—Prince George himself has asked Italy and other protective powers to adopt energetic measures and send a battalion each to check the insurrection, which only nominally has for its object union of the island with Greece. The representatives of the protective powers have decided to use force to maintain the status quo.

Farm life and the country schools
develop character and manhood and
resourcefulness. City facilities refine
and stimulate, often at the expense of
the more solid qualities. The educa-
tional world seems gradually settling
down to the conviction that the best
training must include more of the
features which render the country
bred boy the mainstay of the nation.

The Evening Telegram, a new In-
dependent daily published by John
E. Sierp, Scottsburg, Indiana, was
received on our exchange table this
morning. It is a neat but modest five-
column folio and is the first local daily
published in Scott county. The Re-
publican welcomes the Evening Tele-
gram among the Indiana county seat
dailies and wishes it abundant suc-
cess.

Both Admirals Rojestvenski and
Togo seem to have adopted a waiting
policy upon the high seas. The first
consideration with Japan is to cover
its communications by sea with Korea.
As an island empire, with its army
operating in the main land belonging
to another country, Japan can not
afford to lose all control of the sea.
To keep the main body of its navy on
the defensive and well in hand is the
part of wisdom for the Japanese under
present circumstances. To go into a
general engagement at some point re-
mote from Japan would be to take a
needless risk. The Russian fleet is
holding no territory that the Japanese
want, except at Vladivostok. There-
fore, it is logical for the Russian ships
to assume the offensive, and it is for
the Japanese to repel and destroy them
with the least hazard to the water
routes between Japan and Korea. The
Japanese will not go into a general
battle in the Formosa straits unless
that fighting ground suits them. Should
Rojestvenski venture into the com-
paratively narrow strip of sea be-
tween Japan and Korea he will have
a heavy continuous battle by day and
night, with torpedo hornets swarming
around him. Should the outside route
to Vladivostok be adopted, the voyage
will cover more than 2000 miles, and
the Japanese can get to the neigh-
borhood of Vladivostok in half the time
by the inside passage. With Japan
as the choice of time and place, un-
less the Russians push straight for the
shores of Japan itself. The first en-
counters may be desultory and some-
where on the edge of the fighting
field.

POLITICAL GOSSIP

**Senator Hemenway Confers With
Other Leaders on the Situation.**
Indianapolis, Ind., May 3.—Senator
Hemenway will be at Boonville until
May 16, the date for the special elec-
tion in the First district to choose his
successor. He will leave then for
Washington and later will go to Port-
land, Ore., as a member of the con-
gressional committee appointed by
Speaker Cannon to visit the Lewis-
Clarke exposition. Senator Hemen-
way will proceed to Alaska from Port-
land and will spend a portion of the
summer there. He wants to have his
business and political affairs in shape
before his departure. Senator Hemen-
way says that Judge John H. Foster
of Evansville, the Republican candi-
date for congress to succeed him is a
very strong man and he is confident
of his election. Before he left here last
night it is understood that Senator
Hemenway conferred with Congress-
man Watson, Joseph Keating and
Chairman Goodrich over the polit-
ical situation. Chairman Goodrich
has never said he will not be a candi-
date for re-election, but the chances
are that he will be and that no an-
nouncement to that effect will be made
until things are shaped up so he can
step out and win without much
trouble. There is a certain element
of the party that is opposed to him
for a third term, but it is conceded
that he will be hard to defeat owing
to his excellent record at the head of
the organization.

Governor Hanly's office was over-
run with visitors today. It looked
something like a bargain counter
rush there were so many men on
hands. The occasion for the big gath-
ering was an announcement made
some time ago that the cities desiring
to present sites for the proposed
Southeast Indiana hospital for the
insane would be given a hearing. Large
delegations came from Colum-
bus, Bedford, Seymour, North Vernon
and Madison. Columbus and Seymour
probably had the largest representa-
tion, as it seems most probable that
one or the other will land the prize.
However, every city will receive a fair
and impartial hearing before the com-
mission arrives at a decision. Before
then the commission will visit every
site offered and it is said that poli-
tics will cut no figure in making the
selection.

Robert Metzger, former county
sheriff, will probably be a candidate
for chairman of the Republican city
committee. He has been mentioned
for the place for sometime, but has
not made any statement of what he
intends to do. Metzger was a candi-
date for county chairman last year,
but was defeated in a fierce fight. It
is rumored that Frank D. Stalnaker,
a well-known business man, may be-
come a candidate for the nomination
for mayor. He has the matter under
advisement and a statement from him
is expected within the next two or
three days. Some of the anti-Bok-
walter men are anxious to get him
into the race. Up to the present, how-
ever, there is nothing to indicate that
Bookwalter will not be renominated.

Congressman Holliday of Brazil,
who was here today, informed Republi-
can leaders that he will be a candi-
date for renomination next year.
There has been a story afloat for sev-
eral months that he promised at the
congressional convention last year
not to run again, but it is groundless.
W. H. Guirl, who is an avowed candi-
date, resides in Holliday's county and
will fight with him for the local dele-
gation, without whose solid support
the present member may be handicap-
ped. The Holliday men, however,
are confident of winning. The fight
for the nomination promises to be
very interesting as Otis E. Gulley of
Danville, is also a candidate.

Another Municipal Row.
New Albany, Ind., May 3.—Henry
E. Jewett will prepare charges against
Mayor William V. Grose for his im-
peachment on the ground that he has
acted without authority in removing
him from the office of city attorney.
At a meeting of the city council, Mr.
Jewett, who is sustained by that body,
was instructed to prepare the charges.
Mayor Grose has appointed Joseph S.
Foley as city attorney. The impeach-
ment proceedings have created a sen-
sation.

Result of Overwork.
Jacksonville, Fla., May 3.—Henry
Guy Carleton, the noted playwright,
was stricken with paralysis at the
home of a friend in this city. While
the attack is not considered danger-
ous, Mr. Carleton is quite ill. The at-
tack was brought about by arduous
labors. Mr. Carleton has been pre-
paring a play this winter.

Brought Council to Time.
Philadelphia, May 3.—As a result
of the agitation against the leasing of
the Philadelphia gas works to the
United States Gas Improvement com-
pany for a term of seventy-five years
for \$25,000,000, the finance committee
of the city council has decided to post-
pone action on the matter for the
present.

Brazil, Ind., May 3.—Henry Busher,
farmer, near Turner, this county, was
struck by a Vandalla passenger train
and his death occurred a few hours
later. He was forty years old and a
man of family.

Bedford, Ind., May 3.—John Ruther-
ford, wanted for the killing of Charles
Underwood, at Linton, Ind., Sunday,
who fled after committing the deed,
has been arrested in this city.

THE FIRST FRUITS
Of Savage Monday Doings at
—Warsaw Is a Formida-
ble Strike.

IS SPREADING WIDELY

Angered Workmen Attempt Such Re-
prisals as Possible For the
Brutality of the Troops.

The Latter Assisted by Russia's Ally,
Starvation: Holding Things
With Firm Hand.

St. Petersburg, May 3.—Armed
peace prevails in Poland today, fol-
lowing Monday's savage celebration
of May day. Warsaw, Sosnowiec,
Lodz, Kalisz and other industrial cen-
ters have had no repetition of Mon-
day's rioting and bloodshed, but order
is maintained only by the strong hand
of military force which Monday's oc-
currences showed could be relentless-
ly employed. The first fruits of Mon-
day's sowing is a formidable strike of
angered workmen, which is spreading
widely, setting free thousands of em-
ployees and increasing the difficulty of
the authorities in preserving order.
Long continued industrial troubles
have, however, impoverished the Pol-
ish workmen and starvation will be
an ally of the government in bring-
ing the minimum estimates from offi-
cial sources place the number killed
and who died in hospital as the result
of Monday's disturbances as at least
fifty and probably this will be swelled
by additions of further deaths to 100
or more.

The governor of Kalisz has issued a
proclamation gravely denying "rumors
concerning disturbances at Kalisz on
Monday," and at the same time ex-
horting the people to be tranquil in
order to "avoid further sacrifice of
life."

NEEDLESS SLAUGHTER

Troops at Warsaw Being Unsparingly
Criticised.

Warsaw, May 3.—The May day
death roll totalled sixty-two, including
ten persons who died in the hospitals
during the night. Probably 200 men
were wounded. Some minor distur-
bances occurred yesterday in different
sections of the city, but no casualties
have yet been reported. All day long
infantry and cavalry patrolled the
streets, which were crowded with peo-
ple who did not spare their criticism
of what was generally termed unneces-
sary slaughter. The popular irrita-
tion could not be concealed. The sol-
diers evidently were nervous, and out-
breaks resulting in a repetition of yester-
day's terrible scenes were only
averted by the evident desire of the
authorities to prevent a clash, coupled
with the fear inspired by the soldiers'
bullets. The population is most bitter
against the military, and the govern-
ment officials expect many attempts
at revenge upon the officers command-
ing the troops, all of whom are known.

The Polish press is silent on the
subject of Monday's happenings. The
official Russian papers print a short
and entirely inaccurate report. The
governor general of Warsaw is said
to be greatly upset by the turn of
affairs.

Church Defiled by Blood.
Kalisz, Russian Poland, May 3.—
During an encounter on Monday be-
tween police and soldiers on one side
and workmen who were participating
in a big religious procession on the
other side, a bullet penetrated the
walls of the church, killing a praying
woman. Following the canonical rule,
the church having been defiled with
blood, has been closed until it can be
purified.

their heartfelt gratitude for the Eas-
ter ukase granting liberty of religion.

Beavers, late chief of the salary and
allowance division of the postoffice
department, was arraigned late yester-
day afternoon in the criminal court
on the charge of conspiring to defraud
the government and gave bond in the
sum of \$20,000 for his appearance for
trial. He pleaded not guilty. District
Attorney Beach stated that he would
ask the court to take up one of the
Beavers' cases immediately after the
conclusion of the Machen-Crawford
case which is set for May 22.

anniversary of the discovery of the
Roentgen ray and to discuss the latest
applications and developments. The
congress opened here April 29, and
the professor promised to be present,

simply could not attend the sessions,

Bold Masked Robbers.
Oneonta, N. Y., May 3.—A band of
masked robbers rode into the village
of Gilbertsville, blew open the safe
in the private bank of E. C. Brewer
and made good their escape with
booty estimated at between \$5,000
and \$10,000. The startled villagers
found that the robbers had completely
isolated Gilbertsville from the outside

In Memoriam

Mrs. Minnie P. Charman, the beloved daughter of William J. Bebout and Mary Bebout, deceased, was born Aug. 10th, 1876, in Rush county, Indiana, and died of tuberculosis pulmonalis, at her home near Markleville, Madison county, Ind., April 19th, 1905, aged 28 years, 8 months, and 9 days. Mrs. Charman was married in St. Louis, Aug. 10th, 1896, to Mr. Arthur Charman, with whom she lived happily to the day of her death, June 23, 1903. The result of this union was four little girls, all of whom remain.

Minnie became a Christian and was baptised and married by her lamented uncle, Rev. J. L. Parsons, with whom she lived. A very large and impressive funeral service was conducted at Rushville, Friday, April 21, Rev. Sniff officiating. The body was laid to rest in the beautiful East Hill cemetery by the side of her mother, who died when Minnie was only five years old.

Her sweet spirit returned to the great and good God who gave it to the world to brighten it for a time and to suffer. Dear, kind, patient, loving Minnie was truly a noble souled woman if ever there lived one, and it is just such as she that the angels welcome for company. She was a true Christian, a noble mother and wife, a loving daughter and sister, a firm and steadfast friend, a pure minded woman who made the world better for having been in it. She was loved and admired by all with whom she was associated. Her sweet disposition and pleasing personality won for her many friends who mourn her loss. We will sadly miss her, but will ever cherish her memory as a sweet strain in the world's harmony.

Her sickness was of long duration, her patience unequalled. Everything known to the medical profession was resorted to that she might be restored to health, but all in vain. How limited is human skill! The life so precious to her little ones could not be stayed, and she prayed that she might die and be free from pain.

Death seems sad to us all, but to the poor, weary sufferer it is God's goodness and mercy manifested, as indeed it would be even more sad if their prayers were unanswered and they would live on and on and suffer forever. "Seasons hath their time to come and go, but thou, O death, hath all seasons of thine own."

Surviving the deceased are her four little children, Lucile, Hazel, Rubyetta and Baby Ruth, her aged father, W. J. Bebout, three brothers, Maury, Alston and Willie, and four sisters, Mrs. Stella Haines, Mrs. Ruby Ramm, Mae and Nellie Bebout.

After her husband's death in St. Louis, she moved to Indianapolis and only last autumn came to Madison county, where she had many relatives and friends, who are cheered by the blessed assurance that she is at rest with the Christ in whom she so fully trusted and asked his benediction on her dying bed. It was a pathetic scene to have her little children summoned around her bedside and say to them, "Mamma is sorry to have to die and leave you little children, I am going to papa and Jesus. I want you all to be good little Christian girls and meet me in heaven where I will not have to suffer any more." The little children can frequently be heard to say, "Mamma has gone to papa and Jesus; she is at rest; she don't suffer any more." So happy and joyous when she was well, they will be desolate now without her bright smiles, and words of cheer, but her sweet spirit has only been transplanted in a brighter and better world, where death is unknown, and all is life. May the mantle of her sweet spirit and lovely example fall upon her bereaved children. May the Guiding Hand gently lead the little children till they reach their mother's arms in the "Sweet Bye and Bye."

"I can not say, and I will not say, That dear mamma is dead, she is just away, With a cheery smile and a wave of the hand, She has wandered into an unknown land, And left us dreaming, how very fair, It needs must be, since she lingers there. And you, O you, who the wildest yearn For dear mamma's step and the glad return, Think of her faring on as dear In the love of There, as the love of Here. Think of her still as the same I say, Dear mamma is not dead, she is just away." Stella.

LETTER FROM THE BUCKEYE STATE

Ad. Spivey Writes from Charley Fosters' Town and Discusses Politics.

Fostoria, O., April 30th, 1905.

To the Editor of the Republican:

After being now six weeks in Ohio traveling over the State, I find myself spending this beautiful Sunday at the city of Fostoria and this city is so indelibly fixed in the mind as the home of Ex-Governor Charley Foster, or, as his townspeople lovingly refer to him as "Calico Charley."

When we think of Foster, our minds revert back to the memorable convention when the "martyred Garfield was nominated for the presidency. I doubt whether in all the mighty conventions the world has ever witnessed there has never been one in which more brains and intelligence played a greater part, or stronger or braver political giants met and combated in the political arena: Fry, of Maine, leading the hosts of the magnetic Blaine; Garfield and Foster leading the hosts of staunch old John Sherman, and Conkling, Cameron and Logan fighting to the last ditch with unbroken line for the hero of Appomattox—General Grant.

Those of us who have reached middle age and the glistening gray appearing at our temples, remember most of all of those great men who have gone off the stage of action to their rewards, can but recall we are growing old, but as with them and Ex-Gov. Foster especially, let us leave some void at least to be remembered as the memory of Foster. Here in his own town is a monument for any man to be proud of.

And while thinking of politics, Ohio has an election this year and Gov. Herrick will be renominated without opposition, but after visiting my trade in nearly 200 towns and cities of Ohio, ranging in population from 300 to the seventh largest city in the United States, and hearing farmers, merchants and traveling men who visit all parts of Ohio, talk on the subject, I feel there might be quite a good sized question mark put after the question, "Will Herrick be elected?" In view of the great Republican majority, Ohio usually gives and the fact he controls the machine sufficiently to get the nomination without opposition, it might seem like a fairy tale to think there is any room for doubt. But when we consider that eight out of every ten towns where an election has been held under the Beall law, the dyes have won, and I do not think the most sanguine friends of Gov. Herrick will deny that the temperance element of every class—ministerial and otherwise—are all against Herrick.

And could you witness, as I did, at West Alexandria the other day an election as to whether the town should be "wet or dry," as they term it here, and see gray-haired grandmothers, mothers, sisters and sweethearts out working in the open like Trojans to drive the monster out as they term it, assisted by a united clergy and every temperance union in all this broad State, you would feel that Gov. Herrick had an element against him if the Democrats play politics that will tell when the count comes in the "Ides of next November."

One thing, however, the Independent element in Ohio has not been developed as it is in our commonwealth of Indiana. They have no newspaper like the Indianapolis News which has cultivated that spirit in years past and gave no brilliant writer like Billy Blodgett, going up and down the State fearlessly giving facts without fear or favor, asking the voter to give the best; he has from a high sense of patriotism, and that point will score heavily for Herrick. In this connection, our own governor is standing in the line of it in a way that makes an Indian in Ohio proud of his State. No day passes but the comparison between Hanly and Herrick is drawn and I am glad to say always to the credit of the Indian, for his position in Indiana is just the reverse to Herrick of Ohio. "The Indiana governor, a strong man who can stem the current, the Ohio governor, a weakling controlled by the minds and will of others."

Frequently the name of Hanly is mentioned as the successor in the White House to the strong and powerful Roosevelt, and surely he measures tall enough, strong enough and broad enough for that great position, and in view of what I have heard and the way people of Ohio feel, I wish to nominate Hanly for President in 1908.

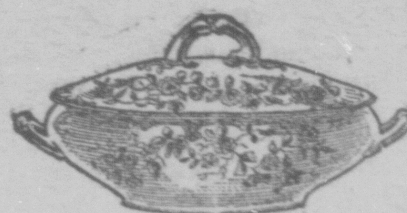

Yours truly,

AD. SPIVEY.

Last night Mr. and Mrs. John P. Frazee entertained at a six o'clock dinner: Mr. and Mrs. Cambern, Mr. and Mrs. Will Bliss, Mrs. Harriet Plough, Mrs. Tillie Brower, Mr. and Mrs. Homer Havens, Mr. and Mrs. Frank Mull, Mr. and Mrs. Will Havens, Mr. and Mrs. Fon Riggs, Mr. and Mrs. Guy Abrecombie, Denning Havens, and Miss Mary Louise Bliss. The dinner was splendid and elegantly served in five courses. Caranations and roses furnished beautiful decorations for the table; the favors were caranations. During the evening the company enjoyed music, a drawing contest, and a spelling match, the favor in the former game being won by Guy Abrecombie, Messrs. Bli and Riggs chose sides for the spelling match, and Mrs. Cambern on Mr. Riggs' side was the last one on the floor, and received the favor, a beautiful bunch of flowers. The party reports a very enjoyable evening.

BY THE WAYSIDE

"It is a strange thing," said a well known citizen at the show last night, "why women will willingly remove their hats in a theatre, but persist in wearing them in church. At a certain church, Sunday night, a woman found herself behind a row of mammoth pieces of headgear and, sit in whatever position she might, it was a matter of impossibility to get more than an occasional glimpse of the preacher. Finally she gave up in despair and settled down in her seat and put in the rest of the time of the service listlessly looking about the room. At the conclusion of the service she was plainly in bad humor and was heard to remark to her husband: "Did you ever see anything so provoking?" At the same time a man who sat directly behind her could not even get a glimpse of the preacher because her hat made the fourth one he had to contend with."

RAILROAD NOTES

Hon. John L. Rupe, of Richmond, the general counsel of the C. C. C. & St. L. Railway Co., is trying several cases here today, in which the Big Four Co. is interested.

There was a wreck on the Big Four east of Shelbyville Monday, in which three freight cars were derailed. All of the cars were empty with the exception of one, which was loaded with hogs. A number of animals were killed. The train was in charge of conductor Risk, who was knocked to the floor of the caboose, spraining his wrist. Eugene Conger, brakeman, was also thrown down, suffering a slight cut over the eye.

Will M. Frazee, claim agent of the Cincinnati & Indianapolis Traction company, while in Shelbyville Monday adjusted the claims of all persons, except William Ensminger, who were injured in the recent interurban wreck on the Shelbyville line. He allowed each one to name his own price. The ones he saw are Henry Oltman, Joseph Henderson and Louis Fritz, the motorman. Mr. Ensminger is yet in an unsatisfactory condition for a settlement of his claim as his injuries have been accompanied by some severe chills and he is not yet able to be about.
